

Birman Rex and Others Club Inc

together with the

Southern & Siamese Cat Club

present the

**2007 Kitten,
Desexed & Companion
Two Ring All-Breeds Speciality
Show**

Saturday 17th March 2007

Davis Pavilion, Claremont Showgrounds

Our Judges

	Ring One	Ring Two
Kittens – All breeds	Annette Joesbury	Chris Selby
Desexed – All Breeds	Annette Joesbury	Chris Selby
Companion Cats	Rosemary De Meur	Richard De Meur

Conducted under the Show Rules of the Cat Owners Assoc of WA Inc

Specials thanks to

Show Manager: Brian Joesbury
Show Secretary: Pamela Lanigan
Trophy Steward: Helen Norwood
Chief Steward: Jan Fuller
Kitchen Whizz: Suzanne Webb

And our wonderful supporters

Chris Scott from Chriscott Persians & Exotics for generously donating prizes

Kirsty Connell from Mewsings Ragdolls for helping guide the newbies

Helen Norwood from Jodaerin Abyssinians for being so much more than just the trophy girl!

Lois Hooker for sponsoring rosettes

Carol Galli from Roellen Boarding Cattery for sponsoring rosettes

Maree Carle for sponsoring rosettes

Pamela Lanigan from Cuddleton Kitties for sponsoring rosettes

Optiic Pty Ltd for sponsoring rosettes

Hudsons for loading us up with litter at short notice and Helen's husband for picking it all up!

Both clubs for their great team work!

Jan, Helen, Kirsty, Pamela, Damien & Jan's kids for setting up

All the people who donated prizes and raffle items

And of our fabulous Stewards and wonderful judges!!

Exhibitor List

Thank you to everyone who entered our show and bringing along their kitty cats!

A little bit about how things work

If you are new to showing you might find this all a bit confusing. Don't worry; you will get the hang of it in no time. Just remember that the cats and kittens compete in steps.

Step one

The cats and kittens are judged against other cats and kitten the same as them. This means the same breed, colour and pattern as well as being a kitten, entire adult or desexed adult. So if there are three Blue British Shorthair Female Kittens under 9 months the judge will choose between them for the best one. This is called winning your class. If there is only one cat or kitten in the class (which happens quite often) then they will most likely win the class but at the judges discretion.

Step Two

The cats and kittens in a section compete against each other for a special placing. This is the prize list at the beginning of the catalogue. In this show the sections are Kittens, Desexed and Companions but in most shows we break the entries into

- Persian type
- Semi-long hair
- Siamese and oriental
- Other Shorthair
- Other Foreign Shorthair

The judge picks the best cats from these sections and ranks them as per the prize list.

Step Three

There may also be placing for the best cats over several sections. This may be by group which is

- Group 1 – Longhairs
- Group 2 – Siamese & Orientals
- Group 3 – Everything else

It may also just be the best in the show. This is generally called Supreme. The judge picks their best cat out of all the cats in the show. If more than one judge is judging in a ring they get together and decide their best collaboratively.

What about certificates and titles?

All adult cats can earn points towards titles. To do this they must be the winning cat in their class on the day and meet the minimum standard for their breed. This earns them a Challenge Certificate which you should keep and collect across shows. Once you have a certain amount from a variety of judges you can apply for a tittle from your club. COAWA members need the following amounts

Pedigreed/Purebreed Clases

Entire - Number of Challenges Required (in total)

- Champion (Ch)- Six
- Grand Champion (Grd Ch)- Twelve
- Saphire Grand Champion (Saph Grd Ch)- Fifteen
- Ruby Grand Champion (Rby Grd Ch)- Nineteen
- Emerald Grand Championm (Em Grd Ch)- Twenty Four
- Diamond Grand Champion (Dia Grd Ch) - Twenty Nine

You then start again for double and triple titles.

(Desexed cats receive Awards of merit and become Premiers rather than Champions)

Companion Cats

Number of Premiums Required (in total)

- Distinguished Companion Cat (DCC) - Three
- Bronze Distinguished Companion Cat (Brz Dcc) - Six
- Silver Distinguished Companion Cat (Sil DCC) - Twelve
- Gold Distinguished Companion Cat (Gld DCC) - Twenty Two

Premiums are awarded by the vet on the day of the show for the healthiest cat in the best condition

**Have you visited the
COAWA website yet?**

You will find heaps of info including forms to download.
If you are a COAWA breeder you can get your name on the
breeders list free, add a pretty banner for \$10 and list your
kittens for sale on the kittens page FREE

Different Types of Cats

Kittens

Kittens are judged by breed, colour, pattern and age group as well as by male and female regardless of whether they have been desexed.

Litters

Litters are judged overall and not by individual kitten. Judges look for how even the kittens are and how closely they all meet the breed standard.

Desexed

Desexed cats compete by breed, colour, pattern and sex. They are called Neuters and Speys. The terms Male and Female are used to describe the sex of entire cats.

Companion

Companion cats are domestic cats and purebred cats that have never been shown in their pedigreed classes. They are all judged solely on temperament, condition and presentation. Temperament refers to how friendly and confident they are. Condition refers to whether they are the correct weight and healthy. Presentation refers to how clean and well groomed they are.

Cat's Choice Clay

Owners and pets alike enjoy using Cat's Choice Clay for a number of reasons:

Cat's Choice Clay is 100% natural attapulgite

Attapulgite is a complex clay mineral with tremendous absorption qualities. It is a non-clumping, safe and natural product that gives longer lasting freshness and added comfort to your pet.

Safe for your cat – safe for all the family

Because Cat's Choice Clay is a natural product with no chemical additives, you can be sure that it is completely safe – even for delicate kittens – and for all the family as well.

Long lasting

Because of its superior absorption you'll find that Cat's Choice Clay is long lasting and therefore economical to use

Natural Odour Control

Another advantage of attapulgite is its ability to absorb odours so effectively. This natural odour control locks in ammonia and will keep your cat comfortable as well as your home.

Environmentally friendly

Cat's Choice Clay can be easily disposed of by digging into your garden where it becomes an effective soil conditioner making it particularly good for the environment.

**For so many reasons, Cat's Choice Clay is
your first choice in cat litters.**

Benefits

THE LITTER LASTS LONGER

- The good are not being thrown out with the bad.

ODOUR IS REDUCED EVEN MORE

- The wet litter falls through into the bottom tray and is removed.

NO NEED TO CHANGE THE LITTER

- New pellets are added on the top and the wet particles are removed from the bottom.

NO TRACKING

- With the fine particles sieved out they can't get out of the tray.

IT LOOKS GREAT

- You will love the clean look of only fresh pellets in the tray

"Scoop out Solids"

After scooping out the solids the tray is ready to be worked.

"Shake the tray to separate the wet fines"

Shake the tray to separate the wet fines from the good litter. If there are a lot of fines in the tray a stir with the scoop will help.

"The wet fines are separated"

The wet fines fall through into the bottom tray.

"The Wet fines are in the Bottom"

Leaving the good, dry litter in the top, ready to use again.
