**“THE TIME HAS COME, THE WALRUS SAID, TO TALK OF MANY THINGS,
OF SHOES & SHIPS AND SEALING WAX, OF CABBAGES AND KINGS”**

(From “The Walrus and The Carpenter” By Lewis Carrol).

The above has always been one of my favourite quotations, and now, I find that the time HAS come, and I am finally giving up breeding my lovely, beautiful British Shorthair cats. This is a decision I have not decided on easily, but I find that I am getting TOO old to continue on with this delightful pastime. I have thoroughly enjoyed the years that I have been involved with the Cat Fancy – I have met some lovely people and of course, met some lovely cats, both as a breeder and as a Judge. Having said that, I now have some cats that I would like to sell, and they are very good breeding stock – one female, one male, both young and proven breeders.

The male is Baleaburra Vanilla Christopher (DOB 14/01/2005) a lovely pale coated cream boy, with a lovely nature, who has sired two lovely litters, and I’m sure will continue to produce lovely kittens, so you can be assured he knows what he is doing !

The Tortie female is Baleaburra Ebony Chintz Annie (DOB 13/01/2005) and a delightful little girl, who loves to sit with you and have cuddles. Annie has two kittens, one wonderful red boy, and the most delightful little tortie, and has proven to be a very good mother. Annie did well on the show bench when I was showing her, and I am sure that these two kittens will follow in Mum’s footsteps, and eventually be good breeders. Annie carries the blue gene (her mother was Baleaburra Misty Possum) and mated to a blue boy would produce some lovely colours – and don’t forget that torties are very necessary to breed cream and red females.

Besides Annie’s two kittens, I also have two black boys who I am sure will make lovely pets.

Having spent a lot of time, energy and money breeding these colours, I would not like to see them disappear from the show bench, so would be delighted if someone would continue breeding with them. If you are interested in either one of the adult cats or one of the kittens (when they are old enough) you can contact me today at the show, or ring me on (08) 9537 2172 to come and have a look at them.

Betty Munro

Benefits

THE LITTER LASTS LONGER

- *The good are not being thrown out with the bad.*

ODOUR IS REDUCED EVEN MORE

- *The wet litter falls through into the bottom tray and is removed.*

NO NEED TO CHANGE THE LITTER

- *New pellets are added on the top and the wet particles are removed from the bottom.*

NO TRACKING

- *With the fine particles sieved out they can't get out of the tray.*

IT LOOKS GREAT

- *You will love the clean look of only fresh pellets in the tray*

Cat's Choice Clay

Owners and pets alike enjoy using Cat's Choice Clay for a number of reasons:

Cat's Choice Clay is 100% natural attapulgite

Attapulgite is a complex clay mineral with tremendous absorption qualities.

It is a non-clumping, safe and natural product that gives longer lasting freshness and added comfort to your pet.

Safe for your cat – safe for all the family

Because Cat's Choice Clay is a natural product with no chemical additives, you can be sure that it is completely safe – even for delicate kittens – and for all the family as well.

Long lasting

Because of its superior absorption you'll find that Cat's Choice Clay is long lasting and therefore economical to use

Natural Odour Control

Another advantage of attapulgite is its ability to absorb odours so effectively. This natural odour control locks in ammonia and will keep your cat comfortable as well as your home.

Environmentally friendly

Cat's Choice Clay can be easily disposed of by digging into your garden where it becomes an effective soil conditioner making it particularly good for the environment.

www.catschoice.com.au

For so many reasons, Cat's Choice Clay is your first choice in cat litters.
